

# The Notations of Course Selection Process for freshmen

1. Course-Selection Website URL : University Homepage → Links to the right information "Student Information System" → Click on "Course Selection System" or Links to <http://course.asia.edu.tw> directly . (as the following figures). (Account is the Student ID number , password is preset to a 8-digits of your BC Birthday ; Please updated your password periodically) .

2. Please follow the newest "curriculum planning" of your department (visit your department's Homepage) and take courses annually. If you have further question, you can visit the department of Academic Affairs and we will be glad to help you.

3. For each academic semester, the limitation of course taking for freshman is as follows:

Academic System	Not less than	At most
Undergraduate	16 credits	25 credits
Masters	6 credits	15 credits
Ph.D.	3 credits	12 credits

4. Description of Course Selection:

- (1). All "compulsory courses" offered by the course selection system automatically, and these courses shall not be withdrawn, or selected them from other classes.
- (2). The rules of selection courses for each school system are illustrated as follows (As courses had been shown in the curriculum, it indicates you do not need to choose any course.) :

## A. University :

Please add the "General Courses". Only one course can be selected from the four areas of elective.

## B. Masters and Ph.D. :

Please add "electives courses" (you should follow the provisions graduate courses to take courses).

5. To protect your enrollment rights, after finish the course selection process, please sign in the "Student Information System" to confirm and print out your curriculum and retain it.
